Profile

I'm an experienced UI/UX Designer with four years at top companies like Verizon, TCS, and Right Data Labs. I focus on crafting intuitive interfaces, collaborating with stakeholders to enhance usability.

Skills

Focused	Interface Design	Programming
Design Thinking	Wireframing	HTML
User Centric Design	User Centric Design	CSS
User Flows	User Flows	Javascript

Experience

Verizon Jan, 2024 - Present
Engineer-II UI/UX Designer

As a UI/UX Designer at Verizon, I am tasked with elevating the user experience (UX) and interface design of internal products, focusing on enhancing usability, functionality, and visual appeal.

Right Data Labs Pvt Ltd. Dec, 2022 - Dec, 2023
UI/UX Designer

Led UI/UX design for DataFactory and DataMarket, an all-encompassing data management platform covering migration, orchestration, DataOps, and reporting. Collaborated with stakeholders, enhancing usability by delivering intuitive, user-friendly interfaces.

Simplified complex data tasks with visual ETL, ELT, and lake house operations. Integrated machine learning for user-friendly segmentation and categorization. Empowered users with swift data governance through APIs and JDBC connectors. Improved data access and actionability via a user-friendly interface, featuring natural language search and data quality assessment.

Tata Consultancy Services (TCS) Feb, 2020 - Oct, 2022
UI/UX Designer

Working on user Research, user flows, wireframes, designing user interfaces, and developing prototypes for new features. Iterating efficient designs based on business requirements, technology constraints, and user feedback.

Playing a role in improving the user experience of a International CITI Bank. Collaborated with cross-functional teams to ensure consistent branding and visual design across the product.

Education

Google UX Design Certificate
June 2021 - March 2022

Certificate: <https://www.credly.com/go/nAB4um5U>
