Experience

Right Data Labs Pvt Ltd

UI/UX Designer · December 2022 - Present

Designed Intuitive User Interfaces:

Led the design of user interfaces for DataFactory, a comprehensive data management platform covering migration, orchestration, DataOps, reporting, and more.

Collaborated closely with stakeholders to understand user needs and deliver intuitive, user-friendly interfaces that significantly improved usability.

Established Design System for Future Revamp:

Initiated a design system and pattern library, enhancing design consistency and efficiency.

Preparing to launch a revamped version with a much-improved UI, building upon the existing design system.

Contributed to Product Strategy:

Played an active role in shaping the product strategy by tracking industry trends and competitive analysis.

Ensured DataFactory's position at the forefront of data integration and pipeline orchestration.

Mentored Design Team:

Mentored and nurtured junior designers, instilling design best practices and fostering innovation.

Cultivated a collaborative design culture within the organization.

Key Achievements:

Simplified complex data tasks with visual ETL, ELT, and lake house operations.

Enhanced efficiency with scheduling and notifications for pipeline operations.

Reduced pipeline creation time from hours to minutes with drag-and-drop data transformations.

Seamlessly integrated machine learning functions for user-friendly segmentation and categorization.

Improved data access and actionability through a user-friendly interface, including natural language search and data quality assessment.

Empowered users to govern and act on data swiftly with provided APIs and JDBC connectors.

Tata Consultancy Services - International CITI Bank

UI/UX Designer · February 2020 - October 2022

Working on user Research, user flows, wireframes, designing user interfaces, and developing prototypes for new features. Iterating efficient designs based on business requirements, technology constraints, and user feedback.

Playing a role in improving the user experience of a International CITI Bank.

Collaborated with cross-functional teams to ensure consistent branding and visual design across the product.

Education

Google UX Design Certificate

June 2021 - March 2022

Completed rigorous training designed for a UX Designer.
Topics included UX Research Fundamentals, Inclusive Design, Wireframe and High-Fidelity Prototypes, and tools like Figma and Adobe XD.
Completed hands-on Projects and developed a Portfolio with three Projects.
